=====
 UCs, (sorry so lengthy)

Per our discussion in the UC meeting today, please fill out the attached survey. (DPU – we have to answer for your “program” as well)

The Programs are arranged a little different this year – along the lines of the re-org (I attached the latest that I have)
 The PowerPoint slides attached is the format that the SCs and I will fill in with a summarized version of your information.
 Please let me know if you have if you have ANY questions. Thanks....and sorry for the delay – was out on leave and found this when I got back.

If you could get back to me ASAP – but no later than Friday NOON. I will work with you on this and the deadline if need be – and I will need time to go over the information - AND I would like to go over at UC meeting next week before we turn it in to SRU! Thanks!

b6
 b7C

- 1) Please ensure to properly classify your submission
- 2) Keep in mind this information will be used by SC to brief finance on where our money is being spent.
- 3) Weak justification can lead to our money being swept or reallocated to a program whose justification was stronger.

What they want to see:

- Tie things to FBI/Division priorities.
 - o How is there a strategic view of spending money – not just one area (sub-program) but how does it fit into the big (corporate) picture
 - o Has money been realigned due to shift in priorities?
 - Can you link it to SMS, Strategic Shifts, etc. – if possible
 - o If money has been saved one place - where was it reapplied and why? Show strategic thought.
 - “Budget is Bleak” – Show that this has been realized and your program works to show fiscal responsibility.
 - o Collaborative Efforts
 - Pull these to the forefront – whether it be in the section, division or outside!
- SPS - remember the tones of SPS. There was a focus on the FBI’s mission and the team effort of meeting it. I have included the AD’s comments she sent around after the SPS to refresh your memory.
 - o PLEASE also when listing interdependencies – remember that when listing roadblocks – careful how they are worded. We were warned before that we need to show how we are working to get things done and NOT putting negative behavior of others. I am NOT saying to disregard issues, but word them so they are not confrontational. This is a presentation to finance, you attract more flies with honey than vinegar (is that the right saying????)

Survey:

<< File: Survey FY13 Spend Plan Tasking II.docx >>

PowerPoint – Tasking II:

<< File: FY 2013 Powerpoint Datacall-UZ&Q4 (Revised).pptx >>

Shift Slide:

- Need to measure the performance of the "Tech Program" in the field (e.g. [] ETs, CART, CSSs, EOTs) & share this info with the SACs. b7E
- Need to capture our cost savings/cost avoidance efforts in order to repurpose money & better justify our budget requests.
- Need to further our efforts to consolidate standalone networks & incorporate into existing enterprise systems whenever possible.
- Need to improve our processes to appropriately prioritize requests & reduce our backlogs.
- Need to reduce inefficiencies across the USG by leveraging & sharing tools, services, & capabilities whenever possible.

We will discuss & review the below reports at the next SC meeting & I will also mention it at the next monthly Management Meeting. []- please add to agenda.) Meanwhile, I will ask **TMSU** to review the attached & determine how they align with our SMS measures & priorities so we can discuss & make modifications, if needed, at our next SMS meeting. I would also ask **SRU** to assist me in reviewing the attached & identify where consolidation, clarification, or additions are needed. Feel free to share this email with your personnel & initiate your own discussions in your section/unit meetings. b6 b7C

In conclusion, I appreciate all the work you & your teams did to prepare for our SPSs & it certainly showed. Obviously, these sessions gave us some things to think about as we move forward, but as both the EAD & AEAD confirmed to me, it went very well from their viewpoint & you should be proud of your efforts to convey each section's significant role & responsibilities in furtherance of the FBI's mission. Thanks again for reflecting so positively on the division.

Additional Spend Plan info required on the PowerPoint slides !

Also, please return the completed PowerPoint slides to [] by the due date since I will be on leave next week. b6 b7C

Finance Division has indicated that during the spend plan meetings, ADs and/or section chiefs will have to articulate how strategy is driving their personnel and non-personnel cost budgets. Basically, how is strategy driving budget, not budget driving strategy. To this end, we are requesting additional information as part of the PowerPoint responses. Please note

the first bullet under the Subprogram review (slides 4 & 5) now has two sub-bullets, and additional requested information is highlighted below and on the attached power point.

- What are the FY 2013 program goals and how do these goals relate to the OTD strategic shifts or strategy maps?
 - Describe how your strategy is driving personnel and non-personnel resources for each subprogram.
 - Identify whether your budget has changed based on strategic shifts or strategy maps.

Also, we are requesting in the cost-savings and efficiencies bullet that you highlight any opportunities for collaboration across units, sections, and divisions as well as with external agencies.

Due to SRU [Redacted] NLT COB Monday, 29 October 2012

b6
b7C

This PowerPoint tasking is for Section Chiefs to talk about their Programs (Under the Chart of Accounts, not necessarily the units directly under your control.)

Finance Division requires responses to requested information below regarding your programs. The requested information is also identified on the attached Power Point slides 2, 4, 5 and 6. Please provide your responses on the attached Power Point.

<< File: FY 2013 Powerpoint Datacall-UZ.pptx >>

Slide 2 – Budget Discussion: Efficiencies, Challenges, and Hot Topics

Please highlight your program's efficiencies and challenges. Examples include:

- Contractor Conversions
- Contract cost-savings/efficiencies
- Cost-sharing plans
- Capital Planning / Out-year costs
- IT issues
- Moves / Leases / Buildings
- Critical Unfunded (AD approved form)

Slides 4 & 5 – Budget Discussion: Summary Quarterly Spend Plan (Program Level)

1. What are your FY 2013 goals for your program(s)?
2. Describe the interdependencies of the sub-programs in achieving the goals
3. Identify areas where cost-savings and efficiencies can be achieved
4. What would be the result (risk/impact) if the program, subprogram, or activities within a subprogram were eliminated or reduced? **(Identify one or two subprograms or activities that can be eliminated or reduced if a funding cut was needed, and identify impact of eliminating or reducing these subprograms or activities.)**
5. Discuss the quarterly spending allocation (e.g. why are percentages higher/lower in certain quarters (No response needed; will be answered by SRU on attached Power Point)
6. General spending changes for FY 2013, which differ from FY 2012

Slide 6 – Budget Discussion: Summary Quarterly Spend Plan (Other Funds)

. Please respond to the below bullets in the PowerPoint:

- Source of funding
- Major contracts / purchases and activities the funding support
- What would be the result (risk/impact) if the funding were reduced or eliminated?
- Discuss the quarterly spending allocation (e.g. why are percentages higher/lower in certain quarters)
- General spending changes for FY13, which differ from FY12

The attached slides also include funding information for the subprograms that fall under your program. We are sending this tasking to you as the "Program Owner" understanding that some subprograms may fall under units not in your section. We have also included a revised copy of the Chart of Accounts, listing programs and sub programs that fall under your control. Please coordinate as needed with other applicable sections.

Thanks,

=====

Due to me by 4:00 Thursday.

As discussed in the All Managers Meeting and in this morning's SC meeting, here is the tasking for determining where you would propose taking budget cuts for FY13 only to fund critical [] projects. These cuts are based on your proportional share of OTD's budget. The following chart shows all the Programs/Sub-Programs under your section's control, along with their associated budgets. The three columns on the far right will be used to determine how much you propose to be cut from each Sub-Program for the varying levels of cuts (Options 1, 2, and 3). Simply enter in dollar figures in these columns. The totals **MUST** match the check figures at the bottom of the columns.

b7E

FY13 Base Funding
Reduction - ...

After you have completed this chart, you must complete an Impact Statement for each Sub-Program you cut, under each option. The attached template should be filled out to include all your impact statements. Please submit as one consolidated Word document for your section.

FY13 IMPACT
STATEMENTS.docx

The Impact Statement asks if this is [] For your assistance []

Let me check into this and get back to you. I am leaving for an audit and won't be back till this afternoon. If I remember correctly VSU requested to purchase these last year and the request was denied. However, I'm not sure what justification was given with the original request.

Please send an email to the person who granted approval via the EC and see if this will extend to your program. If they give you written permission (via email), then you may purchase them. You will have to purchase them on a req since they have to be placed on property.

Title: Schedules and Appointments
Unmanned Aerial Vehicle
[REDACTED]Synopsis: Provide information on Unmanned Aerial Vehicle (UAV)
[REDACTED] Programs for Fiscal Year (FY)
2011.

Reference: 321D-IR-A7788 Serial Number 41

Details: During FY 2011, the UAV Program consisted of [REDACTED] full-
time and [REDACTED] part-time personnel. [REDACTED] consisted of
[REDACTED] withregards to operating procedures, requests for service procedures
and training. These operating and training procedures and
guidelines were established in accordance with the electronic
communication (EC) dated 11/10/2010, titled Unmanned Aerial
Vehicle [REDACTED] (referenced above). This EC was
drafted and approved based on observations and lessons learned
from previous UAV [REDACTED] operations and a desire to implement a
UAV [REDACTED] Program within OTD which was not only successful but
followed investigative guidelines, both legal and operational.
The EC also addressed training and [REDACTED]
[REDACTED] requirements not met in previous UAV [REDACTED] operations. In
addition, the EC established a request process from Field Offices
for UAV [REDACTED] services and guidance on [REDACTED]
